To whom it may Concern:

After being Micheals short time employer.
I grew to know him as a reliable and responsible
employee and very caring about his work. As a
father of a 7 year old. He is and was a good dad
interested in what his Son is doing and involved in.
I don't understand what the circumstances are to his incarceration
but I think and believe he is the type of person you
can take a chance on. Whatever the outcome I believe
that everybody is worth something and deserves a another chance.
Therefore I believe Micheal is worth a lot and would be a waste
in the system. I thank you for your time and consideration
